

Addition (sums 50 or less)

Grade 1 Math Worksheet

Ali was helping her little sister, Amna, to clean up her room because it was such a mess!

1. Ali found 16 dolls in the toy box and 4 dolls under Amna's bed. How many dolls did Amna have?
2. The box for a set of 40 building blocks was half empty. There were only 13 blocks in the box. Ali found 9 blocks in Amna's closet. How many building blocks did Ali find?
3. There were 23 books on the bookshelf and 5 more on the floor. How many books were there in total?
